

KIEF KIT

OPTIMIZE PRODUCTIVITY

Seamlessly turn any of the Trimator Dry Trimmers into a kief/pollen tumbler. Easily swap the standard trim drum for the 150-micron stainless steel mesh kief tumbler, insert the catchment tray, and start the machine. Get the most return out of your harvests and increase profit with additional kief applications.

REVOLUTIONIZE YOUR TRIM

KIEF TUMBLING

CO₂ or dry tumbling. Available for the Mini Dry, Dry, and XL Dry Trimmers. Trimmer sold separately and required for kief tumbling.

EASY TO USE

Simply swap the standard trim drum for the kief tumbler and insert the catchment tray. Produce high-quality kief in seconds.

KIEF KIT FEATURES

The kit includes a 150-micron mesh drum, a kief catchment tray, and a brush for collecting.

CLEANING

All surfaces can easily be hand or machine cleaned with soap and hot water.
